# UNIFORM SIZES

## MEASURING GUIDE

For best results, measure the body wearing only undergarments. Hold the tape measure close but not tight.

**Sleeve:** Measure from the center of the back of the neck, over the point of the shoulder, around the elbow, and down the wrist.

**Bust:** Measure around the fullest part, across chest points.

**Waist:** Measure around the narrowest part (typically the small of your back).

**Hips:** Measure around the fullest part of your hips.

**Inseam:** Measure from crotch to the bottom of the leg opening for desired length.

**Outseam:** Measure from waist to desired length.

\*This is intended to be a guide only, and while we do our best to ensure all our sizing is consistent, you may find that some styles vary in size.
